Microgard Ltd.

EC Directive 89/686/EEC

EC Type-examination

Issue 1.

PPE Product

- a) MICROCHEM® CFR red hooded coverall, with stitched & taped seams, elasticated at the hood, cuffs & ankles and a double zip flap closure, which is available in eight nominal sizes, product code: RD96-T-♦♦-111-**, where ♦♦ is the packaging type & ** is the garment size code number (common to all product styles);
- b) MICROCHEM® CFR red hooded coverall, with stitched & taped seams, elasticated at the hood, cuffs & ankles, a double zip flap closure and bands of reflective visibility tape around the arms, legs & torso and over the shoulders, which is available in eight nominal sizes, product code: RD96-T-♦♦-113-**.

It is certified that the manufacturer's technical file and the above mentioned PPE have been assessed and found to be in accordance with the requirements of Council Directive 89/686/EEC. When examined the PPE satisfied the requirements in the relevant harmonized standards:

- EN 14605:2005 + A1:2009 (Protective clothing against liquid chemicals) for both Type 3 & Type 4 clothing (limited life, full body protection with liquid-tight & spray-tight connections);
 - EN ISO 13982-1:2004 + A1:2010 (Protective clothing providing full body protection against airborne solid particulates) Type 5: Limited life clothing;
 - EN 1073-2:2002 (Non-ventilated protective clothing against particulate radioactive contamination) for a performance classification of TIL Class 1;
 - EN 1149-5:2008 (Protective clothing - Electrostatic properties) for electrostatic dissipative protective clothing with a charge decay, half decay time, $t_{50} < 4$ s.
- In addition with one exception the PPE satisfied the requirements of EN ISO 14116:2008 (Protection against heat and flame – Limited flame spread material materials and clothing) for a performance classification of Index 1/0/0. The exception is that clause 6.2.1 specifies that the minimum tensile strength should be ≥ 150 N, but the fabric used has a tensile strength of >60 N.

The manufacturer's information notices (MICROCHEM® CFR, version 28.05.12 & FR/CFR BAG, version 13.02.12), in English, have been inspected and found to have addressed all of the relevant requirements of the standards. However, the detailed content of the information notice is the responsibility of the manufacturer, as are translations into other languages.

This certificate is issued on the strict condition that appropriate checks on manufactured PPE, as detailed in Article 11 of the Directive are implemented and maintained while the model is in production.

Certification is based on technical file: MC CFR Red, issue 1
